

Traditional Archers Association Nova Scotia

OVERVIEW For Sponsors & Vendors:

The TAANS annual 'Legacy shoot' is an excellent sponsorship opportunity. Traditional archers can be generalized as typically having a reverence for nature, outdoor activity and family traditions. They mostly have an affinity to support local business and/or Nova Scotia made or produced items.

Sponsors should be distinguished as individuals, business and/or corporate.

Local vendors should be welcomed to set up tables within the open access areas.

Sponsors would have the opportunity to advertise with the TAANS organization on their online platforms and the event/program guide (if produced).

Space may also be available for advertising banners within the practice shooting arena for sponsors of different levels.
